2022 is a special year for the Young Programme. It marks 20 years since our pilot event in Scotland in 2002. Our rollout across the UK and Ireland was complete very soon after that, but 20 years on, our aims are unchanged. They are: **enhancing communication skills, inspiring confidence, and broadening the intellectual horizons of people in the early years of their careers.**

Although the minimum age for taking part is 18, **there is no upper age limit**: delegates may be young in years, or in terms of professional development, or both. People who have come late to a career, for example, are positively encouraged irrespective of age.

A central part of all of our courses is the presentation by each delegate of a 900-word paper (“Argument”) on a topic – of the delegate's choice – of current interest or controversy. Researched, written and submitted in advance, the paper is delivered during the event. **Our coaches provide advice – in a written briefing before the programme and then in rehearsal before the papers are presented.**

And there's much more, including:

- guest speakers sharing their extraordinary life experiences in the **Testimony** sessions
- the **Group Challenge** in which delegates are divided into small discussion groups, allocated a topic, and given a short time to prepare an informal presentation
- the **90 Second Challenge**, in which delegates ask themselves a question on a subject of their own choice and answer it without notes
- and **Yes, No, Don't Know**, a debate on a big issue of the day

The entire event adds up to a rich and unique experience. Everyone who completes the course receives a certificate – in recognition of an outstanding achievement. In addition, based mainly on the Argument paper, the title **Young Thinker of the Year 2022** will be awarded to a delegate on the final evening
